Accreditation Schemes

21 June 2016

Dear Scheme Manager

I refer to my letter of 29 March 2016, setting out the terms of DCLG's approval for operators of Domestic Energy Assessor Accreditation Schemes to conduct a trial of "smart auditing", which is currently scheduled to finish on 30 June.

Following a request from schemes, DCLG is content to approve an extension of the trial for a further three months, commencing on 1 July 2016 and finishing on 30 September 2016. The terms of approval will remain the same as those set out in my letter of 29 March, except that DCLG is content to authorise a number of changes to the smart auditing rules as set out in Appendix 1 attached.

Yours sincerely

pp
Mark Cousens
